ONE MISSION. ONE PROMISE: SURGE READY

Strategic Resources, Inc. (SRI) is an international, ISO 9001:2000 certified, small, woman owned business providing a full range of technical and support services, in the areas of Telecommunications, Information Technology, Management Consulting, and Engineering and Logistic Services, to the Federal Government and Fortune 500 companies. Our commitment to excellence, coupled with expert industry knowledge, has propelled SRI from its inception in 1988 to recognition as one of the most dynamic providers of high quality services. SRI is dedicated to ensuring that each engagement is handled professionally and exceeds all client expectations. We consistently use leading edge methodologies in developing systems which are designed to the exact client specifications, employing experts in the appropriate fields. SRI is a company that cares and invests in their employees. When the employees are taken care of, this leads to our employees taking care of our customers. We help our customers meet their goals by providing exceptional value in all our products and services. SRI has an unwavering commitment to exceed every customer's expectations.
